# Deck-Drive™ DCU **COMPOSITE** Screw for all types of composite decking

The Deck-Drive™ DCU **COMPOSITE** screw from Simpson Strong-Tie is designed to work in all types of decking (composite and encapsulated composite) without sacrificing performance. The DCU Composite screw provides a cleaner, less noticeable installed appearance due to the special head design and is available in 11 colors, matched to blend with most composite deck products. These screws are offered in bulk and collated for the Quik Drive® auto-feed screw driving system.

## Features:

\*Quik Guard coating recognized for use in ACQ treated wood (See [strongtie.com/info](http://strongtie.com/info) for more information).  
Approved fastener (by Trex®) for Trex® composite decking.

# Deck-Drive™ DCU COMPOSITE Screw for all types of composite decking

**Available in 11 popular colors to blend with products from these leading composite decking manufacturers:**

- Trex®

# Save Time and Money with Faster Installation Speeds and Consistent Performance

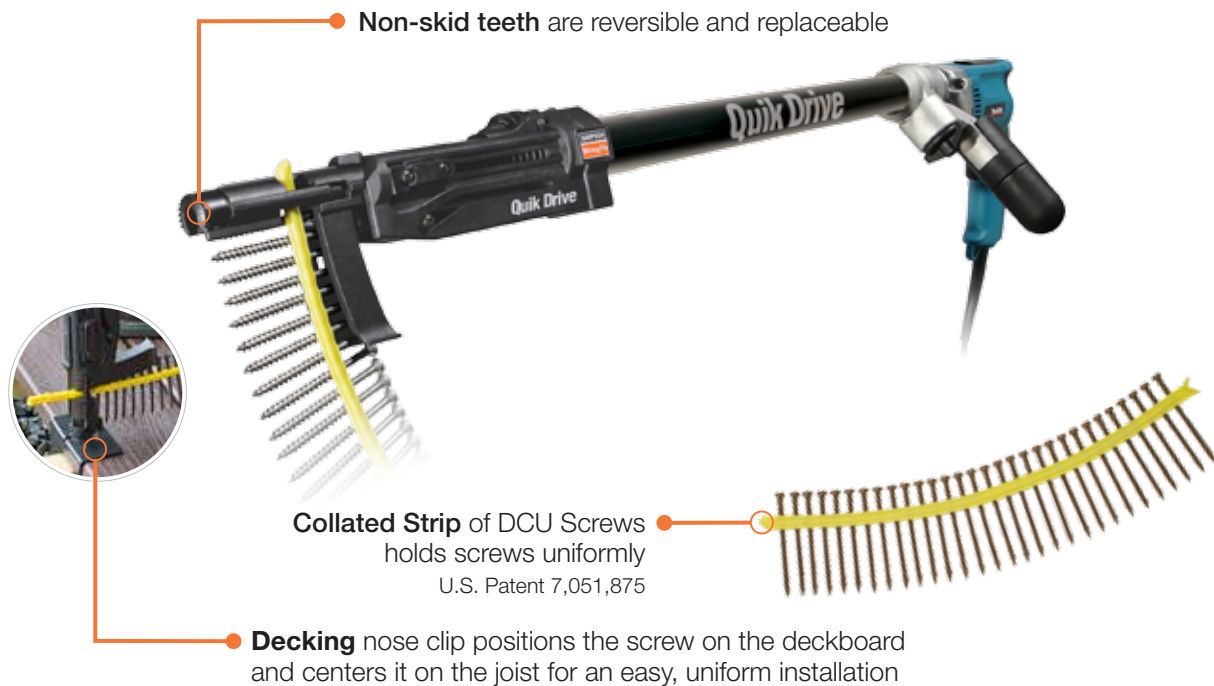

The Quik Drive® PRO300S Decking System is ideal for driving collated Deck-Drive™ DCU **COMPOSITE** screws. Stand-up driving allows for improved labor-savings with less user fatigue and better consistency.

## The PRO300S Decking System Includes:

- PRO300S Decking attachment (also sold separately)
- Extension for stand-up driving
- Decking nose clip for consistent screw placement
- Quiver for keeping screws at your fingertips
- Rugged tool case
- Choice of Makita®, DeWalt®, or Milwaukee® screwdriver motors
- Lifetime warranty  
(see [strongtie.com/warranty](http://strongtie.com/warranty) for more information)
